Commissioner for Patents**OFFICE COMMUNICATION:**

Response to Amendment

The response dated May 20, 2009, to the Notice of Non-responsive Amendment of May 1, 2009 is considered non-responsive, because while Applicants have again not responded to the requirement for the election of a specific type of neutrin product, or neutrin modulator, and one of in vivo, in vitro or ex vivo for the claimed method, as set forth in part 2, page 3 of the Office action dated November 28, 2008. Applicants should further indicate the claims that the elected species read on. The reply is therefore not fully responsive (See 37CFR 1.111). Applicants should refer to pp. 8-9 of their specification for additional definitions for a neutrin product. It should further be noted that the Office communication dated May 1, 2009 was a Notice of Non-responsive Amendment, and not a second restriction requirement as alleged by Applicants.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
